

ITPD Assignment R2

Review on Team Crackers of sprint-1 Architecture Scoring

Team Nachos:

Dmitry Batalov, d.batalov@innopolis.university, Legolass322, Lead
Gleb Statkevich, g.statkevich@innopolis.university, glebkkevvich, Developer
Aizat Murtazin, a.murtazin@innopolis.university, muiitiiifruct, Developer
Marat Khalikov, m.khalikov@innopolis.university, QCold-bit, Developer

1. Report

Score: 99

I added only one comment on sprint-1 and report. Report is almost completely covering points from the assignment. Probably event too much.

For valueable misses: I cannot see github project. Either its hidden, either its not provided. (I assume its hidden, since its shown in the report) = -1 point

Improvement recommendations: provide links to attachments in report as well
